A Guide to the Starter Home Purchase Scheme

What is the Starter Home Purchase scheme?

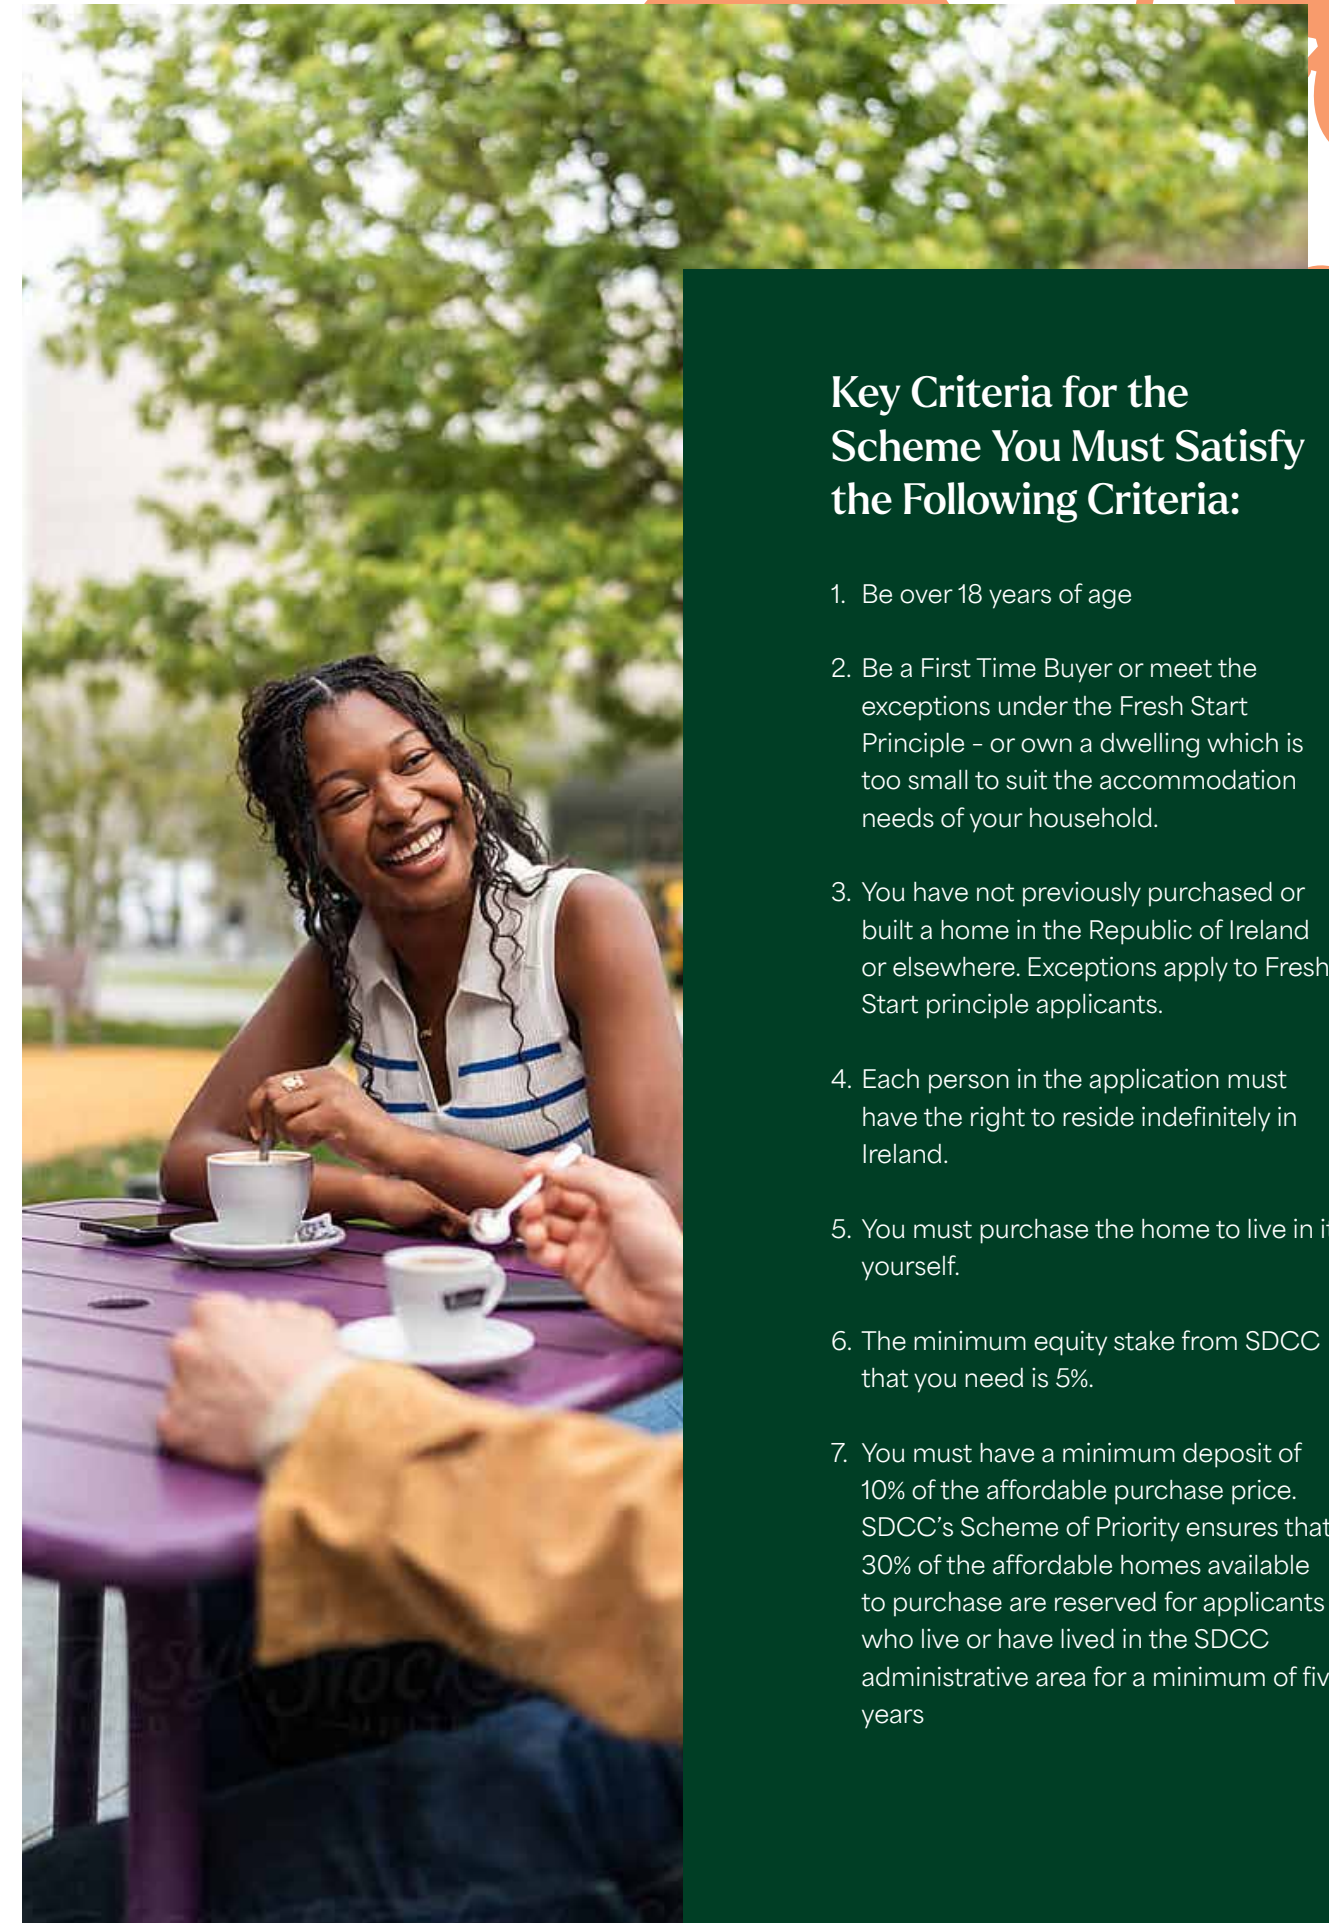

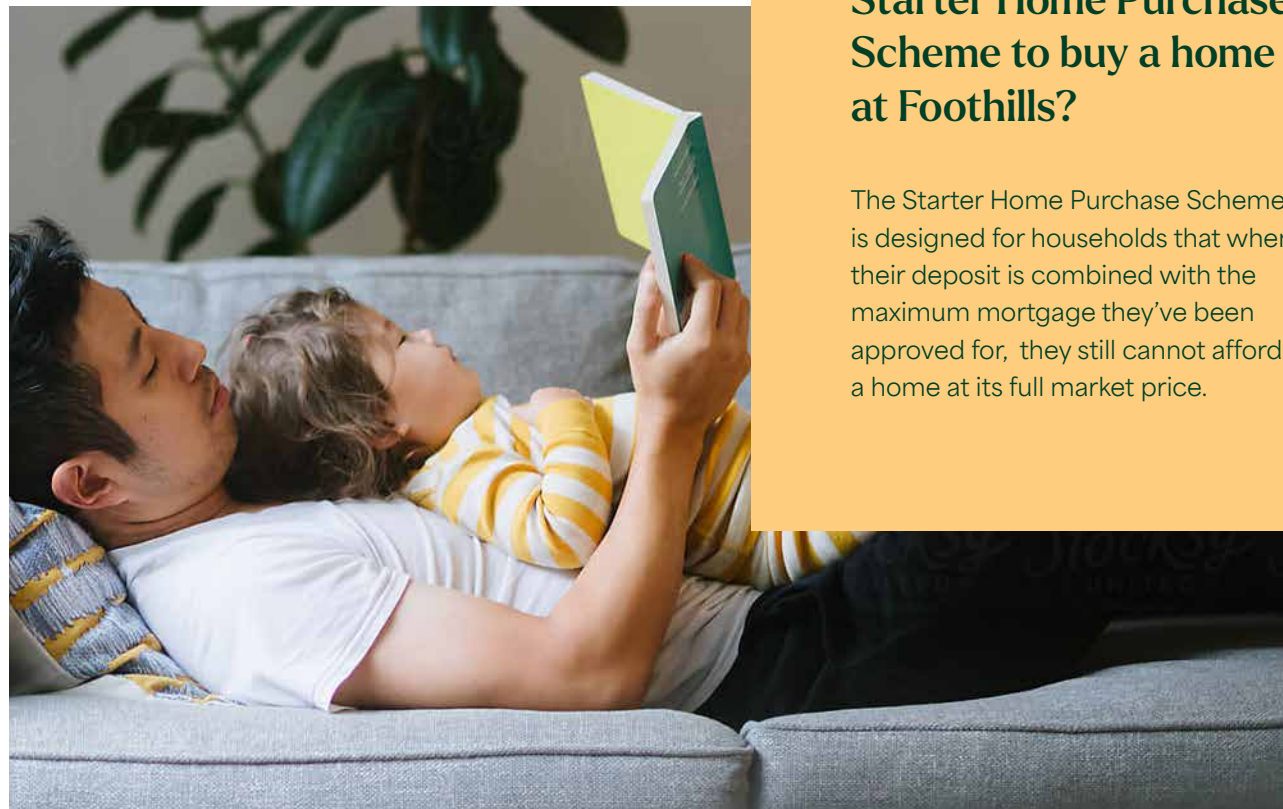

The Starter Home Purchase Scheme (formerly the Local Authority Affordable Purchase Scheme) helps buyers by offering an equity facility. Under the scheme, you'll enter into an Affordable Dwelling Purchase Agreement (ADPA) with SDCC, which means the council will own a small share of your home.

Put simply, it means that if you buy a home at Foothills at a 20% reduction on the open market value, SDCC will have a 20% equity share in your home. You can buy out this equity share any time you wish – but there is no obligation to do so. If you choose not to redeem the equity share while living in the home, SDCC will recover its share when the property is sold or transferred.

Who can use the Starter Home Purchase Scheme to buy a home at Foothills?

The Starter Home Purchase Scheme is designed for households that when their deposit is combined with the maximum mortgage they've been approved for, they still cannot afford a home at its full market price.

Key Criteria for the Scheme You Must Satisfy the Following Criteria:

1. Be over 18 years of age
2. Be a First Time Buyer or meet the exceptions under the Fresh Start Principle – or own a dwelling which is too small to suit the accommodation needs of your household.
3. You have not previously purchased or built a home in the Republic of Ireland or elsewhere. Exceptions apply to Fresh Start principle applicants.
4. Each person in the application must have the right to reside indefinitely in Ireland.
5. You must purchase the home to live in it yourself.
6. The minimum equity stake from SDCC that you need is 5%.
7. You must have a minimum deposit of 10% of the affordable purchase price. SDCC's Scheme of Priority ensures that 30% of the affordable homes available to purchase are reserved for applicants who live or have lived in the SDCC administrative area for a minimum of five years
